MEMORANDUM FOR: [REDACTED]

FROM: [REDACTED]

Chief, Honduras Working Group

SUBJECT: Honduras

As you may be aware, in June 1995 the EXDIR established the DO/DI Honduras Working Group (HWG) to review documents and prepare a briefing for Congress and other US policymakers concerning allegations of human rights abuses committed by Honduran officials. We are working to finish our report, but there are still a few gaps that even an extensive review of files failed to fill in. Therefore, the EXDIR has asked the HWG to work with its legal adviser to write questions that address these gaps. We request your assistance in answering the attached questions, which are divided into four key areas. An additional area of questions related to [REDACTED]

[REDACTED] is included with the questions sent to officers who were [REDACTED] in the chain of command. If you have no information, or it is not applicable, please indicate. Please key your responses to the specific question and submit your responses to the HWG, [REDACTED] by close of business Tuesday, 6 February 1996. I appreciate your assistance. [REDACTED]
